

I WISH TO MEET...

THE POWER RANGERS!

BRADY, 5

Five year-old Brady, of Charlotte, NC grew up watching power rangers. So when the Make-A-Wish Foundation of Central and Western Carolina offered him a chance to choose a wish, he didn't even hesitate. He knew he wanted to go the Disney World to meet all five power rangers. Brady's favorite power ranger is the red one and he loves them because "they fight evil." So when he was offered a chance to fly to Universal Studios to meet the gang and stay in the Give Kids the World Disney villa, he was beyond excited and overwhelmed with happiness. From the limo ride to and from the airport, spending the day with the power rangers, and even getting to ride in the ranger-mobile, Brady felt like one of the luckiest kids on earth. To express his gratitude, Brady drew a picture of himself (with a huge smile) with the five power rangers and sent it to the Make-A-Wish Foundation. From this it's clear that the trip is one that Brady and his family will cherish forever.
